Lead Flange Adaptors

The Key To Low-Cost, Time-Saving And Easy Lead Service Replacement

Red Hed takes the hassle out of lead service replacement. Custom-made lead flange adaptors let you use existing corporations and eliminate the need for retapping or line shutdown.

Because Red Hed lead flange adaptors are made to your specifications, they will fit virtually any corporation installed in your system. Red Hed lead flange adaptors are manufactured from AWWA approved Lead-Free Brass and are factory tested for stress and pressure under strict quality control. **When ordering, please specify connection and corporation size.**
